Birdseye
006-002

Birdseye
006-004

The image displays a dense, repeating pattern of a wood grain, specifically a 'Birdseye' pattern. The pattern consists of numerous small, dark, circular or oval-shaped knots and grain variations scattered across a lighter, textured background. The overall color palette is a range of blues and greys, giving it a monochromatic, textured appearance.

Birdseye
006-008

Birdseye
006-011

Birdseye
006-012

The background of the entire image is a dark, textured surface with a repeating pattern of small, irregular, light-colored spots and swirls, resembling a birdseye or marbled paper.

Birdseye
006-013

Birdseye
006-014

The image displays a dark, textured surface with a prominent birdseye pattern, characteristic of certain wood species. The pattern consists of numerous small, circular, and slightly irregular knots or eyes scattered across the entire surface. The color is a deep, mottled brown with subtle variations in tone, giving it a natural, organic appearance. The texture appears slightly grainy, typical of wood or a high-quality wood-grain laminate.

Yellow Lacewood
007-001

The image displays a dense, intricate texture of yellow lacewood. The pattern consists of numerous fine, vertical, parallel lines that create a complex, woven appearance. The color is a warm, light brown or tan, with subtle variations in tone that emphasize the texture. The overall effect is one of a highly detailed, organic surface.

Yellow Lacewood
007-003

A close-up photograph of a wood surface with a fine, vertical grain pattern. The wood has a warm, light brown or tan color with subtle variations in tone and texture, characteristic of Yellow Lacewood. The grain lines are closely spaced and run vertically across the entire frame.

Yellow Lacewood
007-2004

A close-up photograph of a wood surface with a highly textured, lace-like grain pattern. The wood is a light tan or yellowish-brown color. The grain consists of numerous small, irregular, and somewhat vertical ridges and valleys, creating a complex, woven appearance. The lighting is even, highlighting the fine details of the wood's surface.

Yellow Lacewood
007-2005

A close-up photograph of a wood surface with a highly textured, woven appearance. The texture consists of numerous small, interlocking, diamond-shaped or rectangular patterns that create a complex, three-dimensional effect. The color is a warm, medium brown with subtle variations in tone, giving it a natural, organic feel. The lighting is even, highlighting the intricate details of the wood grain.

Yellow Lacewood
007-2006

**Yellow Lacewood
007-2007**

A close-up photograph of a wood surface with a fine, vertical grain pattern. The wood has a light tan or yellowish-brown hue with subtle variations in color and texture, characteristic of lacewood. The grain lines are closely spaced and run vertically across the entire frame.

Yellow Lacewood
007-2008

A close-up photograph of a wood surface with a 'Yellow Lacewood' finish. The texture is characterized by a dense, irregular pattern of fine, light-colored lines and spots against a darker, brownish background, creating a lace-like appearance. The lighting is even, highlighting the intricate details of the wood grain.

Yellow Lacewood
007-2009

A close-up photograph of a wood surface with a fine, vertical grain pattern. The wood has a light tan or yellowish-brown hue with subtle variations in tone and texture, characteristic of lacewood. The grain lines are closely spaced and run vertically across the entire frame.

Yellow Lacewood
007-2010

Yellow Lacewood
007-2011

Yellow Lacewood
007-2012

The image shows a close-up of a wood surface with a fine, vertical grain pattern. The color is a light, warm yellowish-brown. The texture is consistent across the entire frame, with subtle variations in tone and grain direction.

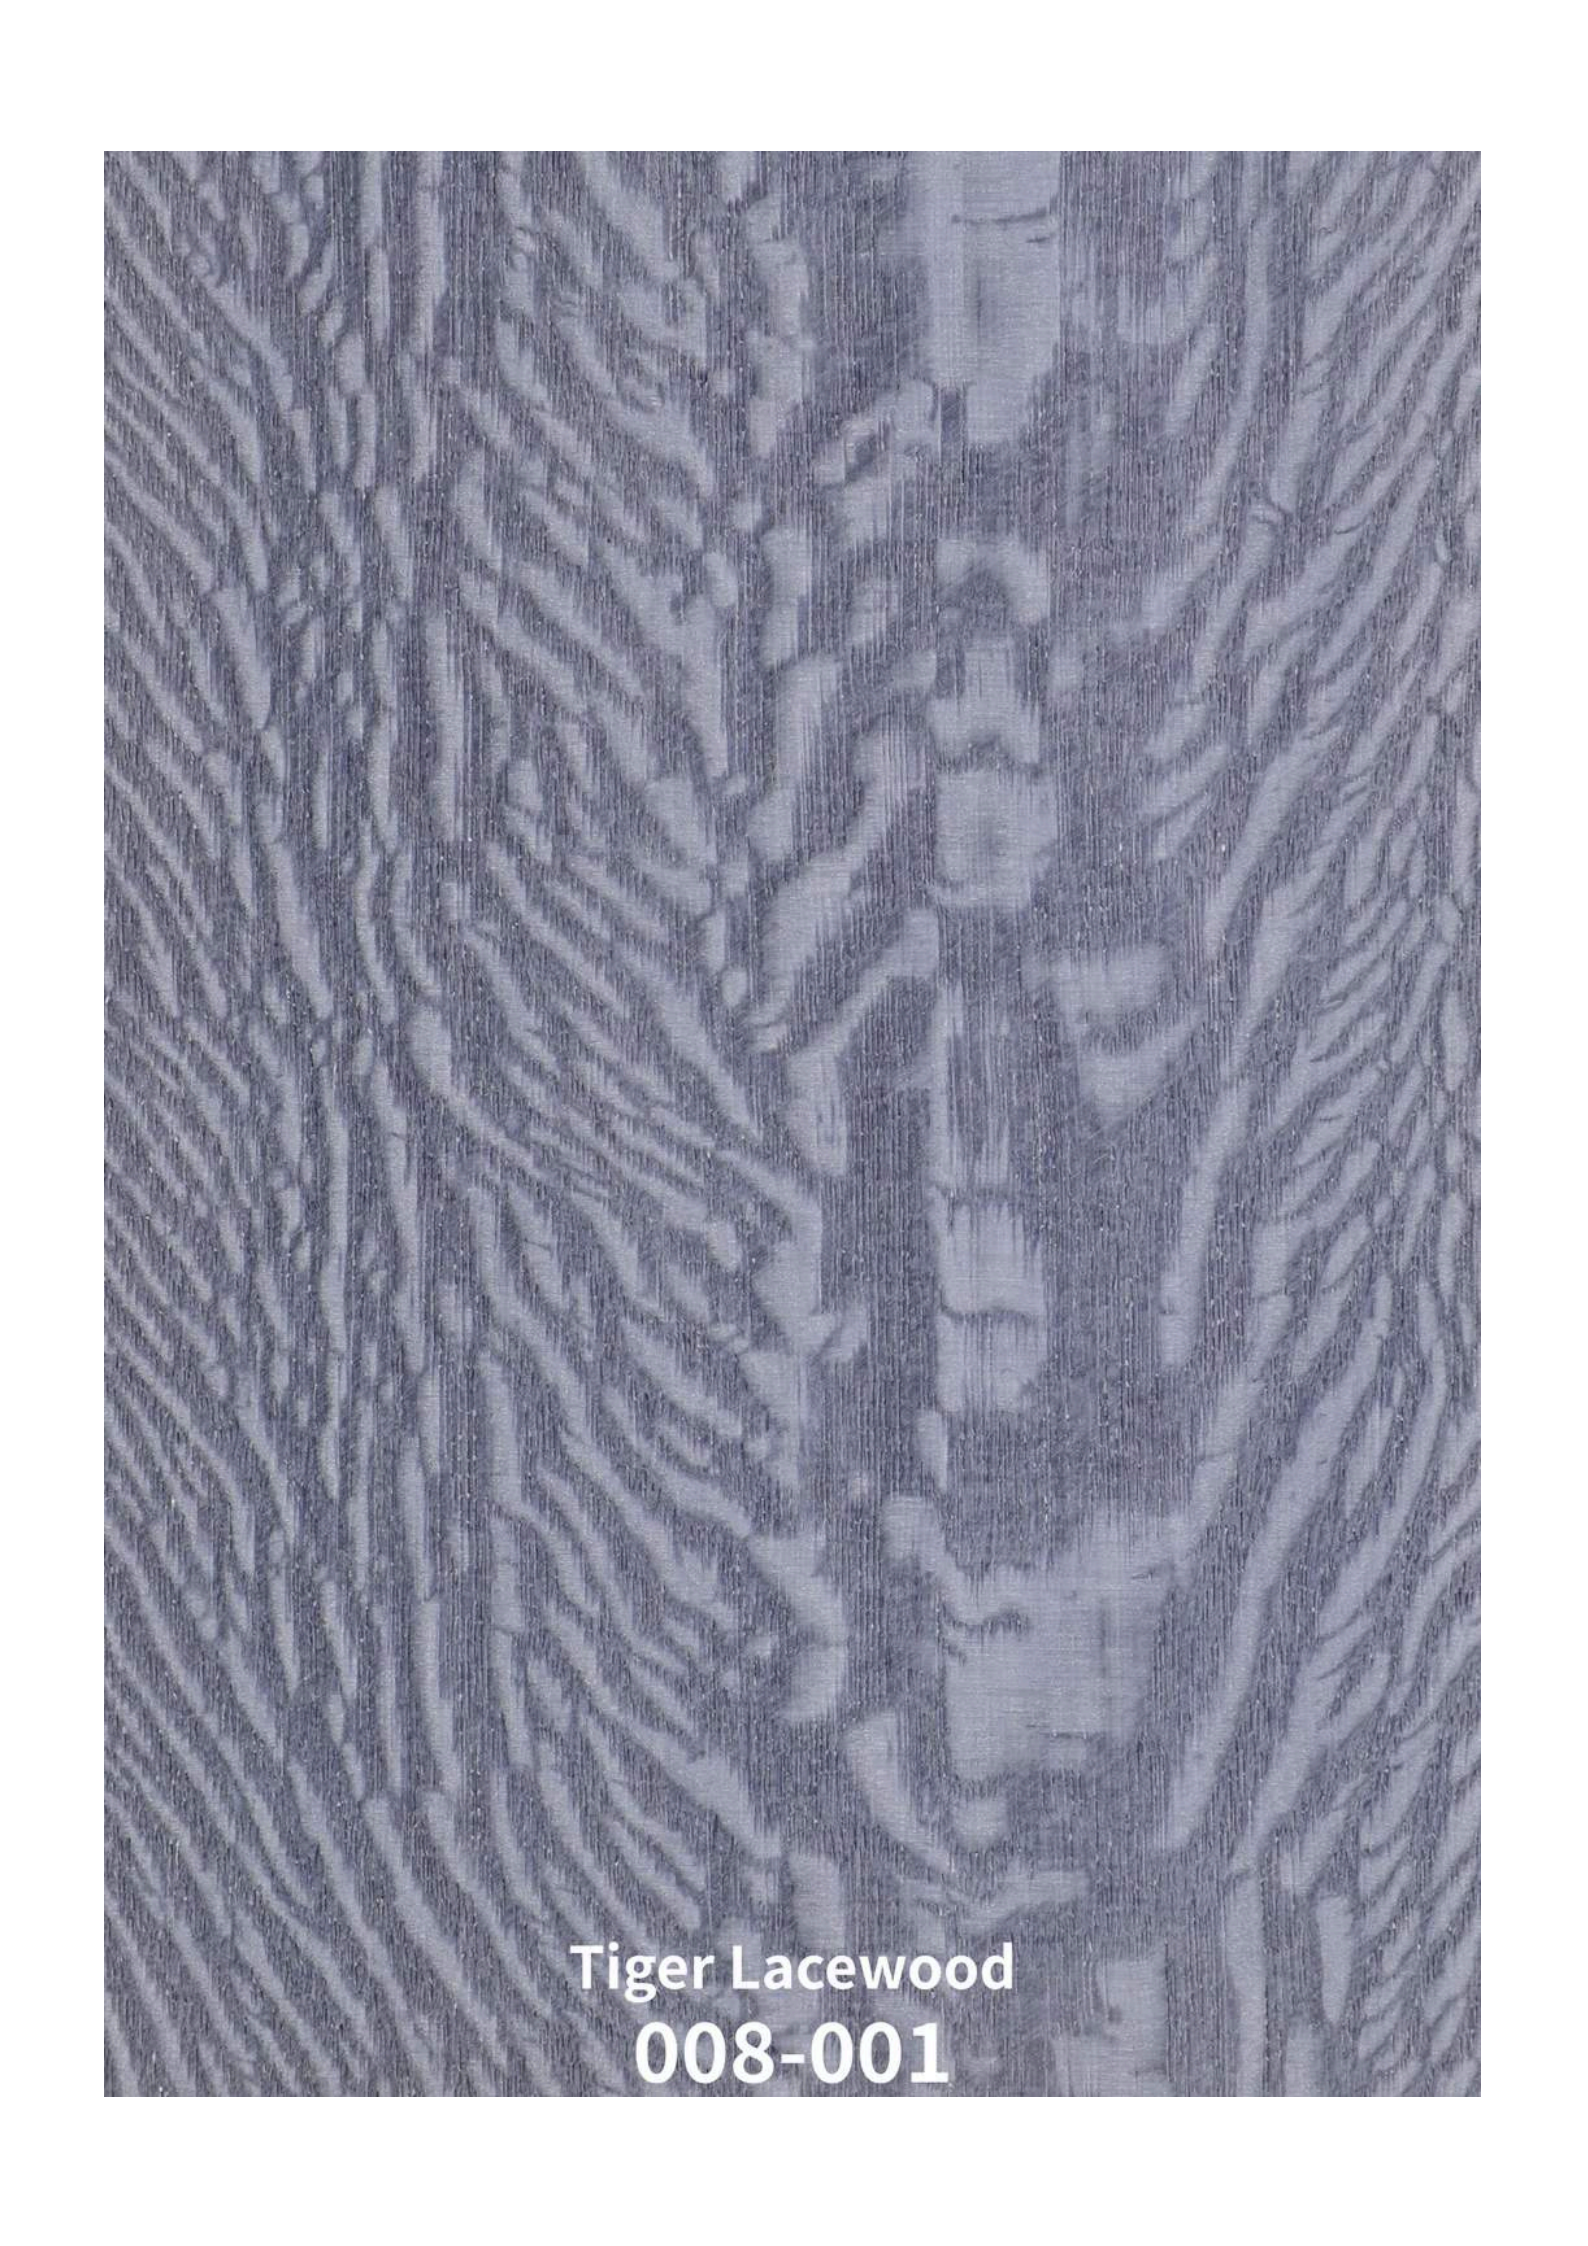

Yellow Lacewood
007-2013

Yellow Lacewood
007-2014

A detailed close-up photograph of a wood surface, specifically Yellow Lacewood. The image captures the intricate texture of the wood grain, characterized by a complex, interlocking pattern of fine, wavy lines. The color palette is a range of natural wood tones, from light beige and cream to various shades of tan, brown, and dark chocolate, creating a rich, organic appearance. The lighting is even, highlighting the subtle variations in the wood's texture and grain structure.

Yellow Lacewood
007-2015

The image displays a dense, repeating pattern of stylized tiger stripes, known as 'Tiger Lacewood'. The stripes are dark and irregular, set against a lighter, textured background. The pattern is oriented vertically, with the stripes running from top to bottom. The overall effect is a complex, organic texture that mimics the natural stripes of a tiger.

Tiger Lacewood
008-001

Cathedral Grain Ash Pommele
009-1901

The image shows a close-up of a wood surface with a vertical grain pattern. The wood has a light tan or beige color with darker, wavy lines running vertically, characteristic of ash wood. The texture appears smooth but with natural wood grain variations.

Cathedral Grain Ash Pommele
009-1902

Straight Grain Ash
010-1901

A close-up photograph of a wood surface with a cathedral grain pattern. The wood has a light tan or beige color with prominent, wavy, vertical grain lines that create a cathedral-like appearance. The texture is smooth but shows natural wood grain variations.

Cathedral Grain Ash
011-001

The image shows a close-up of a wood surface with a vertical grain pattern. The wood has a dark, muted brown color with subtle variations in tone and texture, characteristic of ash wood. The grain lines are mostly vertical but show some natural waviness and knots. The lighting is even, highlighting the fine details of the wood's surface.
