

Straight Grain White Oak
055-001

A detailed close-up photograph of a wood surface, showing a straight grain pattern. The wood has a light tan or beige color with numerous fine, dark, vertical lines and streaks running through it, creating a textured appearance. The lighting is even, highlighting the natural grain of the wood.

Straight Grain White Oak
055-1902

A high-resolution, close-up photograph of a wood surface, specifically straight grain white oak. The image captures the intricate details of the wood grain, showing a series of fine, parallel vertical lines that create a textured, almost fibrous appearance. The color palette is a range of greys, from light, almost white tones to darker, charcoal greys, which emphasize the natural variations in the wood. The lighting is even, highlighting the subtle undulations and imperfections of the wood's surface.

Mixed Wood Pommele
056-001

The image displays a close-up, vertical view of a wood surface with a rotary cut pattern. The grain is characterized by fine, closely spaced, vertical lines that create a subtle, textured appearance. The color is a uniform, light tan or beige. In the bottom right corner, the text "Rotary Cut Maple" and "056-001" is printed in a clean, white, sans-serif font.

Ayous
061-1901

Sapele Straight Grain
063-2001

The image displays a close-up, vertical view of a wood surface with a prominent sawtooth straight grain pattern. The wood is a dark, rich black walnut, showing a dense array of fine, vertical lines that create a textured, almost woven appearance. The lighting is even, highlighting the natural grain and some minor imperfections or knots. In the bottom right corner, the text "Sawtooth Straight Grain Black Walnut" and "068-001" is printed in a clean, white, sans-serif font.

Cathedral Oak
076-1901

A detailed close-up photograph of a wood surface, specifically Cathedral Oak. The image captures the intricate texture of the wood grain, showing a mix of light tan and beige tones with darker, vertical streaks and lines. The grain pattern is dense and runs vertically across the entire frame. In the bottom right corner, the text "Cathedral Oak" and "076-1902" is printed in a clean, white, sans-serif font.

African Teak
082-1901

The image displays a close-up of a wood surface with a 'Cherry Burl' pattern. The wood grain is characterized by wavy, flowing lines in shades of light beige and cream. A prominent feature is a circular 'burl' or 'eye' pattern on the left side, which contains a cluster of small, dark, circular knots. The overall texture appears smooth and polished.
