A close-up photograph of a wood surface, showing a dark brown, vertically oriented grain pattern. The texture is characterized by numerous fine, vertical lines and subtle variations in tone, giving it a rustic and aged appearance. The lighting highlights the natural grain of the wood.

Smoked Crown Sawtooth Oak (Dark)

A close-up photograph of a wood surface, specifically Smoked Crown Sawtooth Oak. The wood grain is highly textured, featuring a mix of light brown and dark, almost black, vertical streaks and lines. The overall appearance is rustic and aged, with a fine, pebbled texture. The lighting is even, highlighting the natural variations in the wood's color and grain pattern.
